

Registered Nurse

We are looking for an enthusiastic, experienced and service-minded Registered Nurse who is willing to make a difference in patient care. SEHCF offers a challenging position where you will have the opportunity to contribute to the growth and professionalization of the Queen Beatrix Medical Center. Your primary work location will be in the medical center however you may be requested to work in other nursing departments as well.

Responsibilities include:

- Providing direct nursing care to patients in compliance with established standards;
- Performing various technical nursing acts, like subcutaneous and intramuscular injections, applying stomach probes and catheterization;
- Providing basic patient care e.g. washing, showering, and dressing of patients, assistance with feeding;
- Performing ECG's;
- Assisting with doctor's rounds, medical examinations and treatments also in emergency situations;
- Assist with quality improvements by actively participating in team meetings, developing protocols and other quality development activities;
- Traveling with patients, when necessary, to and from health care facilities
- off-island

Your profile

- You have a registered nurse diploma on at least mbo-4 level with proven work experience of at least 5 years;
- A basic life support certificate, other certified specializations within the nursing field is an asset;
- A good command (spoken and written) of the Dutch and English language
- Good interpersonal skills;
- The ability to work in a team setting as well as independently;
- You are patient centered, proactive and driven to quality improvement;
- You are eager to learn and open to continuously improve your skills.

About St. Eustatius Health Care Foundation

The St. Eustatius Health Care Foundation (SEHCF) manages the island's premier and only medical facility. Our dedicated team of 65 professionals includes nurses, doctors, supporting administrative staff, a midwife, a physiotherapist, a gynecologist, and specialized Practice Nurses for chronic care, ensuring comprehensive primary care services for our community.

At SEHCF, our commitment to excellence is reflected in our diverse range of healthcare services. From outpatient services featuring general practitioner care and visiting specialists to community

(home) care, emergency response, inpatient care, physiotherapy, and advanced diagnostic services in our laboratory and X-Ray departments. In short, we deliver primary care+. We work hard every day to be a good primary care + medical center, continually enhancing the quality of care for the local population.

We work closely with various stakeholders in our daily operations. For elective specialist care and emergency referrals we maintain strong partnerships with medical centers in St. Maarten and hospitals in Bonaire and Curaçao. Additionally, we work closely with key stakeholders, including the Ministry of Health, Welfare, and Sport and local public health organizations like GGD and GGZ.

What we offer

- The initial appointment is for a period of one year.
- A full-time position of 40 hours p/w; You will work full-time in a shift schedule (day-, evening-, and night shifts).
- Based on full-time employment, this position is classified according to the FWG system 3.0 and is scaled at level 40. The monthly gross salary starts from USD 2,636.00 to 3,385.00 (depending on experience).
- A competitive benefits package in line with our Collective Labor Agreement.
- Participation in the Dutch Caribbean Pension plan and the Zorgverzekering BES health insurance plan.
